

# Externship Inquiry Form

Community Veterinary Partners (CVP) is a family of over 70 animal hospitals and clinics with a growing presence in the Eastern United States. Offering a fast-paced, exciting and true entrepreneurial work environment, CVP is a tight-knit community of veterinary professionals delivering unparalleled patient and client care in atmospheres of uncompromising compassion.

CVP Externships are learning opportunities offered to veterinary industry students in partnership with their academic institutions. The purpose in offering these opportunities to students is to provide early real life hands-on clinical experiences thereby accelerating a student participants successful entry into the profession. By partnering with our academic institutions CVP and our hospital teams hope to have early access to industry talent.
